In selection of the desk side Zero Waste stations for all UCSC interiors, it is preferred if the following products are chosen for installation:

Busch Systems Recycling & Waste Basket, 28 Quart Desk Side container with three hanging waste baskets. The center BLUE 28 quart container is for CRV Container Recycling; a BLACK “Paper Pitch” SAFCO Rectangular Black Open-Top hanging Trash Can for refuse; a GREEN “ORGANICS” lidded 0.75 gallon hanging basket for compostable material; and an open, BLACK “Paper Pitch” SAFCO Rectangular Black Open-Top hanging Trash Can for clean paper recycling.

The following are the Item Numbers and Descriptions and rough cost for each element of the desk side Zero Waste station specified in this sheet. We assume each interior Zero Waste assembly costs roughly $40.
